

With You for All of Time
(D. Chance)

Date: 1/1/11

I knew when you told me we had to talk
Nothing good could come out of this day
And then you took my hand and gave me a kiss
And said you were going far away
You said "Baby, it's not your fault and it's really not mine"
But you didn't know what was meant to be
You told me you loved me but it wasn't enough
You said you just wanted to be free

(Chorus)

I know I can't go on this ride
But I'll always be by your side
The whisper of wind will be like the touch of your skin
I'll be with you for all of time

I stood at the door and kissed you goodbye
And said, "Why does it have to be this way?"
I said, "I'll make right all the wrong that I've done"
You said, "There's really nothing much to say"
You told me it wasn't at all about me
You said it was nothing I could do
You said, "Baby, baby can't you please see
I'll always be in love with you."

(repeat chorus)

(repeat chorus and then last two lines of chorus)
